

A LIFE PLAN COMMUNITY - ENCORE Village

The Benefits of a Life Plan Community

Leave the housekeeping, meal preparation, yardwork, and repairs to the talented staff of ENCORE Village. Maintenance-free living means having more time to live life on your terms, engaging in activities most important to you. Our team will handle the everyday tasks that you prefer us to handle on a menu provider basis. Whether you're looking to explore your creative side, elevate your level of wellness, or just relax and enjoy yourself, our senior living services and amenities make it easy.

Some of our options and services are:

Independent Senior Housing, Fee-Simple housing or Senior Luxury Apartment living

A selection of maintenance-free living senior housing options in your own home or a luxury senior apartment along with optional services to make your life easier and more enjoyable. These homes come with the ability to purchase supporting services from the professional property services provider of ENCORE Village as your need progresses. Whether you desire to purchase housekeeping, meal plans eaten in the on-site restaurant or having meals delivered to your home from our professional kitchen, sitter services, planned community activities, exercise programs, on-site physical therapy, on-site medical care by appointment, the list of services is extensive. If your level of care needs increase you can obtain an increased level of care without leaving the friends you have made and move to one of the other care service options.

Assisted Living

As a Life Plan Community offering a full continuum of care services, ENCORE Village helps maintain the independence of those needing assistance with the tasks of daily living—bathing, dressing, medication management, and more. Our private assisted living apartments offer an attractive, homelike setting with access to all services, amenities, and social activities that residents enjoy in independent living. Our team helps assisted living residents feel comfortable and secure receiving discreet assistance to continue living and thriving in dignity and independence.

Memory Care Living

Memory care on the ENCORE Village campus helps residents and their families have the peace of mind to meet each day with security, confidence and joy in a comfortable and supportive environment. The model for advanced memory care to aid and encourage self-sufficiency, proper exercise and nourishment while providing a familiar, safe-feeling atmosphere in which to live and thrive in comfort is the essential core of this service.

Rehabilitation Services

Whether you need live-in short-term rehabilitation, physical therapy or other rehabilitative care it is available in our continuing care community. Recovering from an illness, injury, surgery or other life-changing medical events can be challenging, but it doesn't have to be without its comforts thanks to Village Point Rehabilitation & Healthcare. Our rehabilitation services provide transitional care for patients ready to leave a hospital or acute-care facility and need or want

additional time to heal before returning home. Our rehabilitation services work to help recovering seniors get back to normal or learn to adjust to a new way of living very near their regular home and close to the support of loved ones and friends.

Home Care

Is your goal to stay in your home for as long as possible? There may come a time when you need a little help with the activities of daily living. Since there's no denying that home is where the heart is, receiving in-home non-medical health care can boost your independence and allow you to make the most of each day. All in the place where you're most comfortable, your own home. A menu plan of services is available in the ENCORE Village community. Some of the services available are:

Housekeeping, in the community restaurant meal plans, in home food delivery meal plans tailored to your needs, sitter services, live in attendants, interior home maintenance, physical therapy and many others.
